Former Assist. Dist.-Attorney Gans Tells City Club Police's Annual Graft From Vice Is \$3,000,000.

Magistrate Joseph Corrigan at the weekly function of the City Club, at No. 55 West Forty-fourth street, this afternoon challenged Mayor Gaynor to substantiate his claim that "New York is the most orderly large city in the world." The Magistrate, by quoting statistics and delivering figures, sought to prove that Mayor Gaynor is either misinformed or misrepresents the facts,

Former Assistant District-Attorney Howard Gans, who presided at the dinner, made a startling assertion in introducing Magistrate Corrigan, after the Mayor's letter defending his administration had been read. Mr. Gans said that the Police Department is as corrupt now as it was in the time of the Lexow investigation.
